Dear Hiring Manager,

I am writing to express my interest in a Full Stack / Web Developer role. I have over three years of full-time experience in full-stack development, in addition to a part-time internship that provided valuable early exposure to practical web development.

I am proficient in HTML, CSS, JavaScript, PHP and Python, and skilled in Bootstrap, jQuery and React. I also have experience with MySQL and MongoDB, responsive design, SEO optimization and modern UI/UX principles. Additionally, I leverage AI-powered tools and automation to streamline workflows, enhance productivity and accelerate project delivery. My experience includes managing multiple projects, collaborating with teams and delivering effective solutions to technical challenges.

I am eager to contribute my skills and experience to a dynamic development team and am confident that my background in full-stack development and efficiency-driven AI practices makes me a strong candidate. I would welcome the opportunity to discuss how I can add value to your organization.

Thank you for your time and consideration.

Sincerely,

Mohd Javeed Ali

MOHD JAVEED ALI

SUMMARY

Experienced Full Stack Developer seeking to contribute my expertise in front-end and back-end development to a forward-thinking company. With a strong foundation in building scalable, responsive and high-quality applications, I aim to enhance my technical skills while delivering impactful solutions that align with the company's goals.

WORK EXPERIENCE

Full-Stack Developer - eWAY Innovations & Automations   **Aug 2022 - July 2025**

- Designed and developed dynamic web pages and full-scale websites for clients, ensuring alignment with their specific requirements.
- Worked on both front-end and back-end development, delivering responsive and modern websites across various devices.
- Implemented modern themes, animations, and SEO best practices to improve website visibility and search engine rankings.
- Managed database operations, including schema design, data retrieval and optimization for seamless performance.
- Regularly collaborated with clients to gather requirements and provide tailored solutions, ensuring client satisfaction.
- Successfully handled multiple projects simultaneously, maintaining high standards of quality and meeting tight deadlines.
- Led a team of developers, coordinating tasks and ensuring parallel progress on multiple projects.

Frontend Developer Intern - InternPe   **Jun 2022 - Aug 2022**

- Developed and maintained websites and web pages, ensuring consistent performance and user-friendly design.
- Updated themes, colors and front-end logic to meet client and project requirements, enhancing both aesthetics and functionality.
- Collaborated with teammates in regular meetings to discuss progress, solve challenges and coordinate project efforts.
- Worked closely with back-end developers and designers to ensure seamless integration of UI/UX components.
- Contributed to the overall user experience by implementing responsive designs for optimal viewing across devices.

EDUCATION

Bachelor of Technology (Computer Science and Engineering)   **2018 - 2022**
J.N.T.U
- Final CGPA: 6.79
